Due to advancement in age, special medical requirements or behavior issues, many of our dogs will remain in sanctuary. Through your sponsorship, you can get to know a particular dog, follow his/her progress at the rescue, and choose to sponsor his/her medical or behavior rehabilitation. **Meet Lunita!** She is a mature dog with Lupus. Her medical disposition requires a special diet, and regular medication. **If you elect to sponsor a dog like Lunita, visit our website [ezheartandsoulrescue.com](http://ezheartandsoulrescue.com) & make a monetary donation on-line & sponsor a dog today!** We will follow up with you with regarding the dog you choose to sponsor, and send you updates on their activities and progress.

**"Hi, my name is LUNITA!** I'm a 9 yrs young female German Shepherd. What I lack in youth, I gain in maturity and wisdom: I have a soft and gentle temperament towards people and other dogs and I like to take my time savoring every moment like the warmth of the sun on a brisk walk, or the soft touch from a loving human. Now my lupus requires medical management, and sometimes it has me wanting to just lay low for the day. But hey, life is too short live fast! I'll never turn down a good piece of a soft treat, or nice bath & brushing. Plus I'm a lucky lady as my friends at the rescue use your generous donations towards their commitment in giving me all sorts of love, a warm bed, and nutrient rich diet, and a safe and peaceful place to live out the rest of my days happy as can be!"
